7. U.S. Digital Millennium Copyright Act or Similar Statutory Obligations

To the extent a customer uses the services for hosting, advertising, sending electronic messages or for the creation and hosting of, or for posting material on, websites, each customer must (i) comply with any notices received under Title II of the Digital Millennium Copyright Act of 1998 (Section 512 of the U.S. Copyright Act) or similar statute in other countries (the “DMCA”), (ii) set up a process to expeditiously respond to notices of alleged infringement that comply with the DMCA and to implement a DMCA-compliant repeat infringers policy, (iii) publicly display a description of its notice and takedown process under the DMCA on its instance of the services, and (iv) comply with such processes, policy(ies), and description.

It is SFDC’s policy to respond expeditiously to valid notices of claimed copyright infringement compliant with the DMCA. In appropriate circumstances, SFDC will terminate the accounts of customers who SFDC suspects to be repeatedly or blatantly infringing copyrights.

If SFDC receives a notice alleging that material on a customer’s instance of a service infringes another party’s intellectual property, SFDC may disable that customer’s instance of the service or remove the allegedly infringing material. If SFDC receives more than one such notice for the same customer, SFDC reserves the right to immediately terminate such customer’s subscriptions to the services as deemed necessary by SFDC to ensure continued protection under the safe harbor provisions under the DMCA or to prevent violations of other applicable laws or third parties’ rights.
